

**FORT BEND COUNTY MUNICIPAL UTILITY DISTRICT NO. 2**

**SIDEWALK REPAIR AND REPLACEMENT POLICY**

1. The Board of Directors ("Board") of Fort Bend County Municipal Utility District No. 2 ("District") hereby adopts this Sidewalk Repair and Replacement Policy ("Policy"). This Policy is effective June 11, 2008; however, after a review of pertinent meeting minutes and discussion at a properly called meeting, the Board has determined that the Policy is a continuation of the District's policy regarding sidewalk repair and replacement as it has been in effect since at least July 2005.
2. This Policy applies to all sidewalks within the District's boundaries that (a) are on District property, and (b) are not on District property but are located within public right-of-way ("Sidewalks").
3. No Sidewalks will be repaired or replaced unless the need for the repair or replacement ("Sidewalk Work") is directly caused by the failure of a District facility. The cause of the need for the Sidewalk Work shall be determined by the Board, after considering the opinion and recommendation of the District's engineer and/or operator.
4. No individual director or directors may authorize Sidewalk Work, and no operator or engineer may undertake Sidewalk Work without the Board's approval; rather, all requests and recommendations for Sidewalk Work shall be brought by the District's engineer and/or operator to the Board for consideration and approval. Notwithstanding the foregoing, however, the District may, by written contract approved by the Board, designate the operator and/or engineer to undertake Sidewalk Work on specified terms without first seeking the Board's approval.
5. No driveway or portion of a driveway may be repaired or replaced unless the portion of the driveway requiring repair or replacement is a solid connection to an integral part of a Sidewalk. Driveway repair and replacement shall be treated as Sidewalk Work for purposes of this Policy.
6. This Policy may be revised, repealed, or modified in the Board's sole discretion upon proper consideration and vote.
7. No Sidewalk or driveway may be repaired or replaced with District funds except pursuant to this Policy.
